BIOP BIOTECH

BIOTECHNOLOGY & BIODESIGN

BEYOND FORM

BIOP's promotional products move away from the feel of mass production, offering brands a more distinctive, premium, and sustainable gifting alternative.

From corporate events to special occasions, BIOP creates eye-catching and unique designs that strongly reflect your brand's environmental values.

BIODEGRADABILITY

BIOP products are made from materials that fully break down in nature without leaving any trace. Thanks to their mycelium-based structure, they return to the soil and re-enter the natural cycle without generating waste.

Each product is part of a sustainable life cycle designed to return to nature's own system.

PRODUCT CODE: 20005

Features:

- Lightweight
- Customizable design
- 100% biodegradable

Dimensions:

W:85mm
H: 40mm

Weight:

58 (±1) g

PERSONALIZED PROMOTIONAL / GIFT PRODUCTS

PRODUCT CODE: 20024

Features:

- Lightweight
- Customizable design
- 100% biodegradable

Dimensions:

∅: 85mm (Inner circle)
125mm (Outer frame)

Thickness:

10mm

Weight:

33 (±1) g

Pattern:

Laser gradient engraving

PRODUCT CODE: 20024

Features:

- Sustainable prestige
- Design tailored to brand identity
- 100% biodegradable

Dimensions:

∅: 85mm (Inner circle)
125mm (Outer frame)

Thickness:

10mm

Weight:

33 (±1) g

Pattern:

Laser gradient engraving

PRODUCT CODE: 20027

Features:

- Natural texture, velvety touch
- Detailed laser customization options
- 100% biodegradable

Dimensions:

length x width:

Thickness:

Weight:

Pattern:

ø: 85mm (inner circle)

190 x100 mm

10mm

Laser gradient engraving

PRODUCT CODE: 20035

Features:

- Rustic texture
- Flexible sizing
- 100% biodegradable

Dimensions:

90x90mm (Outer frame)
ø: 75mm (Inner circle)

Thickness:

10mm

Weight:

41 (±1) g

Pattern:

Laser gradient engraving

PRODUCT CODE: 20036

Features:

- Not stone, but mycelium
- Elegant and natural
- 100% biodegradable

Dimensions:

90x90mm (Outer frame)
70x70mm (Inner frame)

Thickness:

10mm

Weight:

42 (±1) g

Pattern:

Laser gradient engraving

PRODUCT CODE: 20047

Features:

- Lightweight
- Customizable design
- 100% biodegradable

Dimensions:

95x45 mm

Thickness:

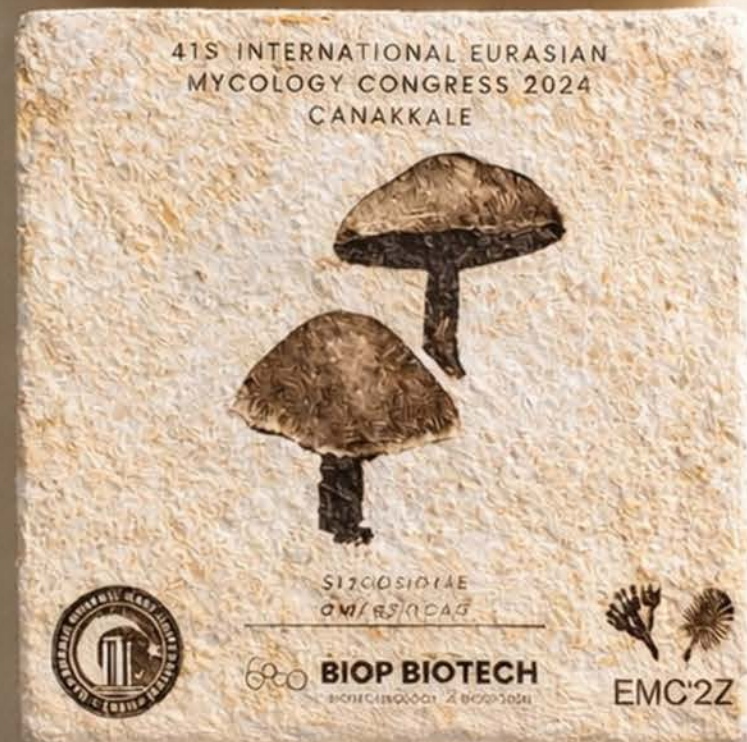

10mm

Weight:

23 (±1) g

Pattern:

Laser gradient engraving

PRODUCT CODE: 20045

Features:

- A natural canvas, marks in harmony with nature
- 100% biodegradable

Dimensions:

150x150mm

Thickness:

15mm

Weight:

139 (±2) g

Pattern:

Laser gradient engraving

PRODUCT CODE: 20002

Features:

- Realistic gradient laser engraving
- Customizable design
- 100% biodegradable

Dimensions:

H: 145mm
W: 127mm

Thickness:

15mm

Weight:

75 (±2) g
